

Warsaw, 11.04.2002

Qilu Zhongyu Construction Engineering Co., Ltd.
Chinese Embassy in Poland Project Office
ul. Bonifraterska 1
00-203 Warsaw

Since 1999, KIM Sp. z o.o. has supplied us with building materials at our construction site in the Embassy of People's Republic of China in Poland. Hereby we testify that the goods they delivered to us have been of high quality, and the services rendered satisfying and polite. More than once have we received valuable advices concerning materials and technologies available on Polish market. Thanks to that, we have been able to do our job more effectively.
